

## We need you!

**Wanted:** All E-5 and below Sailors from all Sasebo commands (ship and shore) who are motivated and dedicated and like to have a good (safe) time. Membership is open to all, but we are especially looking for leaders to drive the organization and create positive events for the general membership. If you are a hard charger, your participation is crucial. Please tell MC3 Cole at [collear@ctf76sas.navy.mil](mailto:collear@ctf76sas.navy.mil) if you would like to be a JSA command representative.

**Why a JSA:** Everything is life is all about what you make of it – we want to make Sasebo a better experience for Junior Sailors and show that we can make a difference within the community. We know that Junior Sailors don't always have it easy...stricter liberty policies, always assigned the not-so-fun jobs, and LPOs and LCPOs that frequently want it their way or the highway...So we want to give Junior Sailors a chance to break away from deckplate routine – and enjoy the best that Japan has to offer with people that share the same naval experience.

### What's upcoming:
